SSL Certificate

SUCCESSFULLY ACTIVATED AND READY

Your website domain is now secure <https://maryboroughgolfclub.com>

SSL TYPE:	Standard SSL
CONNECTED TO:	maryboroughgolfclub.com
STATUS:	Active

How SSL works

SSL provides an encrypted link between your website and your customer's browser. Now we have activated your SSL certificate, within a few hours you will see the SSL by going to <https://maryboroughgolfclub.com> make sure the <https://> is before the domain name, as this is the security connection.

Your official Site Seal

Premium and Wildcard SSL certificates include an Official Click-to-Verify Site Seal. This site seal helps customers feel safe and confident in using your secure online services. Please refer to [installing site seal](#) for more info.
